MEETING MINUTES

Project Summary

Meeting Number	10
Date and Time	12/12/ 25
Project Name	Network Traffic Profiler Dashboard
Attendees	Timothy Birtles, Sophia Krasowski, Tomiris Ashim, Amelia Lee

Key Discussion Topics	Discussion Points
Presentation corrections	- Full live demo by all members would be difficult to edit and visually confusing. - Tomiris will showcase the general demo overview, and other team members explain their specific components later.
Video Submission	- Amelia will handle editing for consistency. - Video quality should be HD where possible.
Final Deliverables (Semester 1)	- Remaining items: video, reflection, AI declaration, source code ZIP. - Trello board needs a final snapshot for Semester 1. - Backlog should be renamed to distinguish Semester 1 from Semester 2 on Trello.
ACTION ITEMS	
Setup AI usage document by Sunday.	
Record and send video clips for video presentation.	
Upload final trello snapshot to github.	
Follow up with Tomek about licensing.
