Project Name	Network Traffic Profiler Dashboard
Attendees	Timothy Birtles, Sophia Krasowski, Tomiris Ashim, Amelia Lee

Key Discussion Topics	Discussion Points
UI Toggles	- There are two toggle options for the prototype: one beside the title and one in the sidebar. Both toggles control the same view, causing UI inconsistency. Hard-coding synchronization between the two caused issues in Streamlit. - Research alternative UI elements for toggling (not necessarily checkboxes) and implement later.
Client Meeting	- Present demo of the current dashboard. - Receive feedback on design, and ask about any additional tables or graphs.
