MEETING MINUTES

Project Summary

Meeting Number	8
Date and Time	06/12/ 25, 12.00
Project Name	Network Traffic Profiler Dashboard
Attendees	Timothy Birtles, Sophia Krasowski, Tomiris Ashim, Amelia Lee

Key Discussion Topics	Discussion Points
Documentation	● Full documentation will be developed next semester. ● Might use a Slite Software Documentation template.
Testing	● Focus on testing more next semester. Dedicate one entire sprint solely to testing with multiple PCAP files. ● The current sprint only includes unit testing.
Interim video	● General Requirements Each member should speak for approximately 2 minutes 30 seconds, split into 50% Project background and 50% Demo . ● Draft Presentation Structure Background / Methodology - Project aim and backlog - Agile methodology, scrums, and project progress - Summary of results and discussion - Project conclusion Demo - Each member explains their dashboard component - Brief mention of the tech stack - Use flowcharts instead of just showing raw code ● Address scalability, sustainability, and security considerations for extra marks. ● Show demo with a variety of PCAP files. ● Canva will be used to design the presentation slides.

ACTION ITEMS
Confirm whether Docker is needed.
Create a new Trello tab for semester 2 with more specific tasks.
Implement help section.
